

# **AUTONOMOUS PORT OF ABIDJAN**

The General Director

O/Ref : 269/DG/DOMSE/DA/SS/PK

21<sup>st</sup> of October 2020

## **CIRCULAR 269 TO THE ATTENTION OF SHIPOWNERS AND CONSIGNEES OF THE PORT OF ABIDJAN**

It is brought to the attention of the consignees that in application of the provisions of the ISPS code and Provision 4.3 of the standard FAL convention of 1965, the Port Authority has issued a protocol for the search of ships calling at the port of Abidjan.

In this case, any security company committed by a consignee for the purpose of searching his ship must obtain an authorization issued by the Port Authority, to perform such an operation.

On this occasion, a copy of the protocol mentioned above is given to the consignee who wishes to enlist the services of a company holding a valid approval issued by the Ministry of Security and Civil Protection.

In addition, it should be specified, for all practical purposes, that the said company must be up to date with the charges for the use of port facilities for the current financial year.
