

North's FD&D Team

OVERVIEW & KEY FACTS

Freight, Demurrage and Defence insurance ("FD&D") is a discretionary legal costs insurance that protects our Members' interests and assets. North's FD&D team supports Members in recovering their proper claims for uninsured losses and/or in defending and resisting any actions improperly brought against them, that fall within the remit of North's FD&D Rules.

QUALIFIED AND SPECIALIST LAWYERS

Our service differs from most other FD&D insurers, in that our FD&D team consists solely of qualified, specialist lawyers and as such, we can provide direct and immediate legal advice and support to Members. We currently employ 45 qualified lawyers; ranging from English solicitors to overseas qualified attorneys. We believe this makes us the largest global team of specialist FD&D lawyers.

DON'T LEAVE THINGS TO CHANCE

The scope of our FD&D cover is very wide in that it covers legal costs and expenses properly incurred in numerous types of ship operating disputes falling outside the scope of other insurances. By solely employing qualified lawyers, our team is able to deal with most legal work in house.
